Empathy Map for Hospital Health Care Data

HEAR

Patient's Health Condition

Room Facilities

Medical Test Results

Treatment History

DOES

Check for Available Rooms

Provides Medical Needs

Manages the Hospital Resources

Checks for Patient's Length of stay

THINK

How can we provide the best Monitoring ?

Maybe this isn't the best

Is patient's Need Satisfied?

What can we improve further?

SAYS

What do you want?

Time for next checkup

Medicines Prescriptions

Diet maintenance
